

Welcome!

We are so glad you found us. We are here to support you and your child!

Reaching out is the first step to improving your mental health.

We will be here, every step of the way, to support and empower you through your journey!

Getting Started:

Gateway Longview's Behavioral Health clinics are open Monday-Friday with evening and early morning appointments available.

We accept most insurance plans including Medicaid. A sliding fee scale is available for those without insurance.

Anyone can make a referral for our services; parent, guardian, caregiver, school, primary care office, or the child/adolescent.

Our professional staff are ready to answer your call and any questions you may have.

OUR APPROACH

Solution Focused & Trauma Informed

Our top priority is your safety, as well as the social, mental, and emotional well-being of the youth and families in our care. Staff at all levels recognize that everyone has unique skills and experiences that make them who they are. Our work builds upon individual strengths, creating partnerships that foster hope for the future.

In working together, we engage in collaboration, empowerment, and choice.

Get to Know Us:

Gateway Longview's Behavioral Health Clinic is a NYS Office of Mental Health licensed outpatient clinic in the community, school districts, and within primary care offices throughout Erie and Niagara counties.

We support children and adolescents ages 3-21 years and their families or caregivers. Our extraordinary team is comprised of social workers, mental health clinicians, art & play therapists, nurses and prescribers who provide compassionate and trauma-informed services.

Our goal is building on your strengths through a collaborative team approach ensuring we support you on your journey to success.

We're Here For You:

School-based behavioral health services are available in more than 45 school districts throughout Erie and Niagara counties.

We provide a licensed mental health clinician, operated by NYS Office of Mental Health, inside the school setting allowing for easier access to out-patient clinical services.

Ways We Support You:

Our clinics provide comprehensive assessments and screenings in collaboration with the child and family/caregiver through individual, family, and group therapy. Additionally, a diversely trained psychiatric team is available to support medication management. Our team is trained in art and play therapy, DBT & CBT, EMDR, Progressive Counting, Solution Focused, Motivational Interview, and Resorative practices, and many more.

Through A Team Approach Gateway Longview's Clinicians Manage Areas Such As:
